

Integrated Safety Solution

What does it really mean to you!

August 4, 2011

Risk Management Goals

- Quality information.
- Consistency.
- Measurability.
- Accountability.
- Shared & implemented best practices.

Risk Management Goals

- Reduce & stabilize costs (WC, P&C, risk and liability).
- Eliminate waste.
- Excel in soft markets & thrive during tight markets.

Integrated Technology

A web-based, comprehensive staff and student, risk, health, safety and compliance management system, providing the necessary tools and content, which delivers results for school divisions – while reducing administrative time and effort!

What Administrators Want

- School Administrators.
- Practical.
- Eliminating administrator time and effort.
- Automation is key!

Results

- Deliver a “Culture of Safety.”
- Save time, money, etc.
- Reducing workers’ comp costs (recommended by providers) – Princeton 1.3M to 350K (into 3rd year).
- Reducing liability (recommended by P&C providers)
- Reducing / eliminating administrator time
- Sustainable

EmployeeSafe Suite

- Staff Training Management (includes course content).
- Accident Management (staff, volunteer, student worker).
- Non-training Compliance (includes tasks & forms).
- Material Safety Data (MSDS) Management System.
- Near miss, safety suggestion, hazard reporting, etc.
- Staff Confidential Reporting (harassment, fraud, etc.)

Staff Training Management

- Training Plan
- Communication
- Reporting

Staff Training Management

- Custom courses (crisis plans, policies, etc.)
- New Hires
- Change in Culture!

Accident Management

- Central Office notification
- Site Administrator notification
- Investigator notification (supervisor typically)
- Hazard Reporting – integrated
- FROI / Claim Form – sent to health partner (MCO/TPA)
- Post Incident Retraining – integrated
- OSHA reporting automated – if necessary
- Change in Culture!

Staff Safety Reporting

- Safety Suggestion
- Near-Miss Reporting
- Hazard Reporting
 - Associated with incidents
 - Independent of incidents
- Pest Sighting Reporting
- Staff Confidential Reporting
- Change in Culture!

Non-training Compliance

- Automated Scheduler.
- Steps to complete.
- Overlap is controlled.
- Plans, forms and procedures.

Integration Successes

- Integrated Student & Staff Safety Programs
- Integrated Tools
- Integrated Processes (PIRT, Follow-up, Hazard Resolution, etc.)
